9. -
10. -

#5

1. Yes, tram and underground.
2. waiting time.
3. Getting late to work.
4. No, I don't use apps
5. I used to use them, but since the info were often wrong, i stopped.
6. It worries me, but not eccessively. The position is the one I worry less about.
7. It depends on the app.
8. Yes I would trust it more.
9. Yes.
10. A little.

#6

1. Yes, trains and autobus.
2. Fastness and number of changes.
3. Trustability and waiting time.
4. Google Maps, Moovit and apps for scooters.
5. Moovit is confusing, Google Maps is better.
6. It depends on the app and the coherence of authorizations. I'm more superficial on socials.
7. A bit, but I pay attention to what I upload.
8. Yes.
9. Yes.
10. Enough, i would say a care 8/10.

#7

1. Yes, metro and tram.
2. Comfort, quickness and closeness to the destination.
3. buying the tickets.
4. Google Maps, romamobilita.it.
5. Yes.
6. Yes they worry me, especially sharing constantly the location. I share more easily on institutional apps.
7. It worries me.
8. Yes, I would trust it more.
9. No, I don't care.
10. Not at all.

#8

1. Yes, bus, train and tram.
2. Number of changes.
3. Overcrowding, delays.
4. Google Maps, Moovit.
5. I trust them but not the time they give.
6. I'm worried, I avoid sharing contacts and photos.
7. Yes, but not that much.
8. Yes, but I wouldn't participate if other user could identify me.
9. I would do it for the community.
10. Not at all.

#9

1. Yes, bus and underground.
2. Quickness.
3. When the bus is late.
4. Google Maps.
5. I don't trust the time they give.
